Legends Drive Maintenance, Guardhouse to Ilshin Legends LLC (the golf course)

Now that the Legends Drive Special Tax District has been approved, the portion of Legends Drive between the guardhouse and the golf course needs to be addressed. I committed to taking on this project, after the special tax district was approved, and my plan is to meet with entities west of the guardhouse to discuss options.

These entities include:

- Ilshin Legends LLC
- Ailsa Village
- Legends POA
- Gleneagles Cottages
- Moorland Reserve
- LDY Properties LLC
- Ailsa Pub

The primary goal is to address the condition of the road as it stands today, and also consider future maintenance needs. Another objective is to plan for construction around the same time as the special tax district construction, if not before.

I will be using the same email address LegendsDr2024@gmail.com for communication.

Hopefully we will be able to address the safety and appearance of the entire entrance to our communities.
